Therefore, this Article empowers Employees and line managers with the authority to resolve grievances at the local level. All grievances and disputes will be settled in accordance with the procedures outlined in this Article.
- 6.02 To be considered valid, formal grievances must be filed, in writing, with local Management within twenty-eight (28) calendar days of the incident; or, in the case of a policy grievance, no later than twenty-eight (28) calendar days from the date the Union realized such event had occurred. - 6.08 The Company will pay all necessary and reasonable traveling expenses incurred by a member of the Grievance Committee, including board and lodging, when a member is required to attend a meeting which has been called by the Company outside such member's location.
- 6.09 The Union shall supply Human Resources with a current list of the names, work locations, and classifications of the Grievance Committee and Union Stewards.
- 6.10 Grievance Procedure

Employees who feel that any provision of the Collective Bargaining Agreement has been violated, or that they have been unjustly disciplined are encouraged to discuss the incident with their immediate out-of-scope Supervisor and a Representative of the Union in an effort to reach a resolution.

Should a resolution not be reached at this point, a formal grievance may be filed.

Step 1 A formal grievance, in writing, will be filed with the immediate out-of-scope Supervisor. The immediate out-of-scope Supervisor shall, within ten (10) working days from Union notification of a grievance, schedule and hold a grievance hearing with the Union.

The immediate out-of-scope Supervisor shall render a decision, in writing, to the Representative of the Union with a copy to Human Resources, within five (5) working days of having heard the grievance, or the grievance will automatically proceed to Step 2.

If the Representative of the Union is not prepared to accept the decision, they shall notify, in writing, the immediate out-of-scope Supervisor within seven (7) working days from receipt of the decision and the grievance will be referred to the Union Grievance Committee.

Should the Union Grievance Committee choose to process the grievance to Step 2, the Union shall notify, in writing, Human Resources within seven (7) working days of receipt of the decision.

Step 2 Human Resources shall, within ten (10) working days of receipt of such notification, schedule and hold a hearing of the grievance with the appropriate Vice-President or designate. The Vice-President or designate, having heard the grievance, shall render a decision, in writing, to the Union Grievance Committee, with a copy to Human Resources, within five (5) working days.

Should the Union intend to process the grievance further, they shall notify, in writing, Human Resources and the Vice-President or designate within seven (7) working days of receipt of the decision and the grievance will proceed to Step 3.

Step 3 Human Resources shall, within five (5) working days of receipt of such notification, arrange for a hearing of the grievance by the President or designate. The President or designate, having heard the grievance shall render a decision, in writing, to the Union Grievance Committee, with a copy to Human Resources, within ten (10) working days.

6.11 Arbitration

- (i) Either party to this Agreement, after exhausting the grievance procedure established by the Agreement, may notify the other party, in writing, within five (5) working days of intent to submit the alleged violation, or difference, to arbitration or the matter will be considered to have been

satisfactorily settled in Step 3.

- (ii) Each party shall be responsible for the cost of its witnesses in accordance with arrangements made by the party for such witnesses. The expenses of the arbitrator and for the place of the arbitration hearing shall be shared equally by the two (2) parties.

6.12 Selection of an Arbitrator

- (i) The Company and Union will meet within ten (10) working days of notification by either party, in writing, to discuss potential candidates and select an arbitrator by mutual agreement.
- (ii) Should mutual agreement not be reached within ten (10) working days, the selection of an arbitrator will be made by the Minister in Charge of the Saskatchewan Trade Union Act.
- (iii) When an arbitrator has been selected, a meeting shall be arranged to hear the evidence of both parties as soon as possible.

6.13 Powers of the Arbitrator

- (i) The arbitrator shall not deal with more than one (1) grievance at a time, except by mutual agreement between the Union and the Company.
- (ii) The arbitrator shall not have the power to add to, subtract from, or modify in any way the terms of this Agreement.
- (iii) The arbitrator may consider only the particular issue or issues presented and the decision must be based solely on the interpretation of the provisions of this Agreement.
- (iv) The decision of the arbitrator shall be final and binding on both parties, and upon any Employee affected by it.

ARTICLE 7 - DISCIPLINE

7.01 In the event the Company is considering the discipline of an Employee the Supervisor shall, prior to making a decision, discuss the situation with the Employee in the presence of the Shop Steward or Union Representative to give the Employee the opportunity to be heard.

7.02 The Supervisor shall then further investigate the situation, if appropriate, after the Employee has been heard and render a decision, in writing, to the Employee, the Union Steward, the Union Office, and Human Resources.

7.03 If the Supervisor feels that the Employee should leave the worksite immediately because of the nature of the incident, the Employee will be on suspension pending an investigation.

7.04 Should the Company consider that an Employee's actions warrant dismissal, such Employee shall be dismissed. Any such action, with reasons, will be recorded, in writing, to the Employee, with copies to the Union Steward, the Union Office, and Human Resources.

7.05 Employees serving probation as a result of discipline shall have such probation suspended for the equivalent time they are away from work for any reason other than assigned days of rest.

7.06 Should any disciplinary action be found not to be in accordance with the provisions of this Agreement, the Employee shall be promptly returned to former status in all respects and shall be compensated for net loss of earnings suffered by reasons of such disciplinary action.

7.07 Employees, who are subject to discipline, shall be accountable for their actions regardless of their participation in the Employee and Family Assistance Program (EFAP).

7.08 Corporate Personnel Files

- (i) Arrangements will be made for Employees to view the Corporate personnel file maintained under the Employee's name by means of a written request from the Employee to Human

Resources.

Those part-time Employees earning more than \$25,000 in the prior calendar year, will have a "deemed salary" based on their prior year earnings for insurance coverage. The applicable premiums will be calculated and deducted from payroll, based on the deemed amount less the \$25,000 paid by the Company.

- (iii) Public Employees Pension Plan (PEPP) (optional for temporary employees)
- (iv) Disability Income Plan (DIP)
- (v) Group Medical Plan (May 1, 1999)

APPENDIX 4 - TRAINING POLICY

The Company agrees to provide an education and training program under Human Resources, as provided below. Company funded training or reimbursement for approved educational costs may constitute a taxable benefit to the Employee under Canadian taxation laws.

The successful completion of appropriate training courses will be a requirement for promotion in designated [job](#), subject to the following conditions:

1. Training for Promotion

- (a) Successful completion of training courses will be used in assessing qualifications of individuals in respect of minimum requirements for promotion and in no way will be used to reduce an Employee's present rate of pay, except as specified in Section 3.
- (b) As far as practicable, Employees with the required qualifications for the courses will be selected in order of seniority to attend. Employees who so desire will be allowed to decline any particular opportunity but will thereby forfeit their right to promotion where such courses are a requirement. In cases where an Employee has refused the opportunity to take training, it will be the Employee's responsibility to request to be included in a future course.
- (c) Senior job applicants who possess all other required qualifications, but, through no fault of their own, have not had an opportunity to attend the courses necessary for the position shall, nevertheless, be appointed. In such cases, an extension of the probationary period will be requested in accordance with the Agreement.

2. Examinations

- (a) The divisions concerned and/or the Union may, at any time, assign a representative to review course material and examinations.
- (b) Employees failing examinations will be allowed to rewrite twice, subject to the following conditions, unless otherwise provided for:

The Company will pay all expenses concerned, but an Employee must arrange with the Supervisor and Human Resources for a suitable date. If, for personal reasons, an Employee is unable to take the examination on the date arranged, a deferment may be obtained by providing, in writing, the reasons for the deferment;
 - (ii) A second rewrite may be taken at any time following the first rewrite (not later than six (6) months) providing, in the opinion of the Supervisor, the Employee warrants such an opportunity. Employees will be paid regular wages; however, no expenses or transportation will be paid by

the Company, and Employees must arrange with their Supervisors and Human Resources for a suitable date;

(iii) Employees will not be allowed to repeat a course unless recommended by the Joint Advisory Training Committee and/or approved by the division head concerned.

(c) Employees writing examinations for certificates which are requirements for the job shall receive regular wages and expenses but not overtime or premium pay.

(d) In cases where certificates or licenses are requirements for jobs, the Company shall pay the cost of examinations and yearly renewals.

3. Yearly Salary Increments

If courses and examinations are not available in accordance with the above procedure, an incumbent will receive wage rate increments in accordance with time spent in the *job*, provided that when the courses or examinations are made available, and an incumbent does not pass, such Employee will revert to the step of the salary range for which the courses possessed apply; however, no refund of salary will be required.

Employees failing the courses which are agreed upon between the Company and the Union as requirements for obtaining salary increments will not receive these increments until such times as these courses are successfully completed. In exceptional cases, the Employee's Supervisor or the Union may recommend that certain Employees receive salary increments even though these Employees may not have successfully completed courses. These exceptions must be referred to the Joint Advisory Training Committee for recommendation before being referred to the division head concerned and the Executive Council of the Union for approval.

Because of the large number of courses to be given and because in some cases the number of Employees for any one course may not warrant the expenditure, the Company reserves the right to provide alternative means of obtaining this training or of providing any courses within a two-year period.

4. Overtime

No overtime will be payable for a reasonable length and number of night classes at the designated training locations.

The Company will attempt to schedule classes at the designated SaskPower training location so as to limit travel time that may otherwise be required before or after regular working hours. However, when travel to and from a training location is necessary, outside of regular working hours, the Employee will be entitled to pay at regular rate of pay for such travel time (no overtime will be paid).

When an Employee is attending a training course and the Employee's scheduled day of rest falls on a day that instructions, etc., are taking place, the Employee's day of rest will be rescheduled for some other time mutually acceptable to the Employee and the Employee's Supervisor.

5. Travel and Sustenance

Employees required to operate their personal vehicle to and from any training program location, including intervening weekends, shall be reimbursed at the current Company rate per kilometre. Passengers shall not be reimbursed.

Employees will not be paid meal allowance or any other allowances if they leave the training headquarters on the intervening weekends.

Employees utilizing Company vehicles to and from a training program location shall be considered as having transportation provided and neither the operator nor the passengers shall receive reimbursement for transportation.

Note: Wherever practicable, Employees travelling to and from a common location are encouraged to travel together.

Sustenance and accommodation expenses, when applicable, will be paid as per the Collective Bargaining Agreement.

When the training course is held at any training program location, an allowance at the current Company rate per kilometre per vehicle will be paid from the motel to the facility and return (limited to one round trip per day). It is understood that Employees will "group-up" and travel in as few cars as possible.

6. Recognition for Courses

- (a) The Company will issue certificates upon successful completion of all courses.
- (b) Upon successful completion of all the necessary courses and the required experience outlined in any trade, Human Resources will issue Employees a Qualification Certificate. This Certificate will be recognized by the Company as representing Journeyman status in the trade.
- (c) Every effort will be made to secure recognition for our training courses with various government departments, educational institutions, and other companies.

7. It is understood that any terms of reference developed for training shall not negate the provisions of the Collective Bargaining Agreement.

Temporary Job Share Arrangement

T1.0 Initiation and Approval

- T1.1 The temporary job share arrangement will have a minimum of six (6) months and a maximum of twelve (12) months duration.
- T1.2 For every Job Share Incumbent (JSI), there must be a Job Share Associate (JSA) appointed to share the position.
- T1.3 A permanent full-time Employee may apply to share their position by submitting the Application for Temporary Job Share Arrangement to their out-of-scope Supervisor. Once the application is approved, the Employee is thereafter called the JSI.
- T1.4 The application must be submitted at least forty-five (45) calendar days prior to the proposed start date.
- T1.5 In the application, the Employee must indicate the portion of their job they intend to work including the hours per day, days per week, and weeks per month. The JSA will work the remaining portion of the position. The minimum portion of the job to be retained by the incumbent is 40%, while the maximum is 60%. The proposed hours of the JSI and the JSA must total 100% of the regular hours of the position. The JSA's hours of work, in any given day, must be consecutive. The hours of work are subject to mutual agreement between the Employee and their out-of-scope Supervisor. Any change to these scheduled hours of work during the term of the job share arrangement must be mutually agreed to by the Employees and their out-of-scope Supervisor. The portion of hours worked by each must remain the same.
- T1.6 The application will be forwarded to the immediate out-of-scope Supervisor who will determine the operational feasibility of the job share arrangement. The out-of-scope Supervisor will process the application within the Business Unit.
- T1.7 Operationally feasible job share arrangement requests will not be unreasonably denied.
- T1.8 The job share arrangement will not begin until the JSA has been appointed and trained.
- T1.9 Once the application process is completed all application forms shall be forwarded to Human Resources and the Union, for information purposes only.

T2.0 Filling the Job Share Associate (JSA) Portion of the Job Share Position

- T2.2 For purposes of this Agreement Article 10.10 (vi) of the CBA is replaced with Sections T2.3 and T2.4. Applicants are reminded to carefully consider the ramifications of these sections prior to applying on a JSA posting.

T2.3 Should the successful candidate be a permanent part-time Employee, their permanent position will be held for their return upon completion of their temporary appointment. Any temporary position(s) created as a result of a job share arrangement will be filled in accordance with Article 10 of the CBA.

T2.4 Should the successful candidate be a permanent full-time Employee, their position will not be held for their return at the completion of their temporary appointment. At the end of the temporary appointment, the Employee will be terminated.

Should the Employee advise the Company, in writing (including their current address and location where they would be willing to accept employment), that they are available for work, the Employee will maintain seniority for bidding purposes only and may secure further employment within SaskPower in accordance with the provisions of Article 12.07(vi) points (a) and (b) of the CBA. T3.1 The shared job will be treated in all respects as a single position with regard to scheduling, hours of work, and the job description.

T3.2 The job share position will retain the same day of rest as was scheduled prior to the job share arrangement.

5. trade shows and/or fairs
6. joint committee work

T3.4 Should coverage for temporary vacancies within the bid location be required during the regular hours of the position and no coverage is available under Article 11.03 of the CBA prior to going outside the bid location (under 11.03 (vi)), a job share Employee may be offered the opportunity to provide that coverage.

T3.5 Should either Employee work in excess of their scheduled regular daily or weekly hours, except for time worked under T3.3 and T3.4 (when the Employee will be compensated at their straight time rate of pay), that Employee will be paid in accordance with Article 25.01(i) of the CBA for all such hours.

T3.6 Neither the JSI nor the JSA are part-time Employees and will not be considered in the part-time pool as described in Appendix 3-2 of the CBA.

T3.7 Should standby be a requirement of the position, the assignment will be divided between the JSI and JSA as closely as possible to the same percentage as the split of the full-time hours. In no case will a shift of standby be divided. The JSI will determine how standby will be shared and this will be specified in the application.

T3.8 Should extended hours be a requirement of the position, these hours will be divided (as will be the Saturdays and days in lieu) between the JSI and JSA as closely as possible to the same percentage as the split of the full-time hours. The JSI will determine how extended hours will be shared and this will be specified in the application.

T3.9 The JSI and the JSA will be treated as two separate full-time positions in the permanent full-time vacation rotation. The JSI will retain their usual place and the JSA will be placed

and remain at the bottom of the full-time vacation rotation.

T4.2 The SaskPower/UNIFOR Relocation policy does not apply.

T5.0 Vacating the Position During an Approved Job Share Term

T5.1 Should the JSI vacate the position, the JSA's temporary position will be terminated and the JSA will be provided the options as outlined in Section T2.3 or T2.4 above, whichever is applicable, and the vacant full-time position will be filled in accordance with Article 10 of the CBA. The termination date of the JSA's position will coincide with the departure date of the JSI. However, the termination date of the JSA's position may be extended until the JSI's original vacant permanent position is posted and filled, though in no case will it be extended beyond the actual start date of the successful candidate. During this time, the JSI's temporary vacancy will be filled in accordance with Article 11.03 of the CBA.

T5.2 Should the JSA vacate the position, the JSI will have the following options:

- Terminate the job share arrangement and assume the full-time hours of the job, or
- Continue for the remainder of the current term and the vacant JSA portion of the job will be filled in accordance with Article 11.03 (all clauses except for 11.03 (i) and (ii)) of the CBA, or
- Apply for a new job share arrangement.

T6.0 Termination of Job Share Arrangement

T6.1 Should significant problems with any job share arrangement be identified, they will be discussed with the out-of-scope Supervisor, the Union and Labour Relations. The out-of-scope Supervisor may terminate the job share arrangement by providing thirty (30) days notice to both the JSI and JSA. Written notice shall contain reasons, and copies of the notice will be forwarded to the Union and Labour Relations.

T7.0 Renewal of Job Share Arrangement

T7.1 The JSI may apply to renew the job share arrangement for a minimum six (6) month to a maximum twelve (12) month term by submitting an Application for Temporary Job Share Arrangement no less than forty-five (45) calendar days prior to the expiry of the current arrangement.

T7.2 Should the request for renewal be approved, the JSA will be asked if they wish to renew the arrangement. If they agree, the JSA will automatically be extended for the length of the term.

All other temporary vacancies resulting from the JSA's extension will be filled in accordance with Article 10.02 of the CBA, or the current incumbent may be extended (without the need for Union agreement) at the discretion of the out-of-scope Supervisor (assuming the incumbent agrees to be extended). The Union will be notified, in writing, of any extensions that have occurred as a result of a job share arrangement.

T8.0 Staff Reduction

T8.1 Should staff reduction be required where the job shared position will be affected, the job share arrangement will be terminated prior to invoking the provision of Article 9 of the CBA.

Permanent Job Share Arrangement

P1.0 Initiation and Approval

This Employee will serve a one hundred and twenty (120)-day probationary period in accordance with Appendix 3-4 of the CBA, which must be completed within the first eight (8) months of the arrangement.
- P1.3 Two permanent full-time Employees may apply to share one of their positions for which they are both qualified by jointly submitting the Application for Permanent Job Share Arrangement to the out-of-scope Supervisor of the selected position. Both Employees must be in the same or higher pay band than the position to be shared. Once the application is approved, the Employees become JSPs.
- P1.4 The application must be submitted at least forty-five (45) calendar days prior to the proposed start date.
- P1.5 In their application, the Employees must indicate which job is to be shared, including the hours per day, days per week, and weeks per month they each intend to work. The minimum portion of the job to be worked by either JSP is 40%, and the maximum is 60%. The proposed hours of both JSPs combined must total 100% of the regular hours of the selected position. The JSPs' hours of work are subject to mutual agreement between the JSPs and the out-of-scope Supervisor of the position to be shared. Any change to these hours of work during the job share arrangement must be mutually agreed to by the Employees and their out-of-scope Supervisor.
- P1.6 The application will be forwarded to the immediate out-of-scope Supervisor who will determine the operational feasibility of the job share arrangement. The out-of-scope Supervisor will process the application within the Business Unit.
- P1.7 Operationally feasible job share arrangement requests will not be unreasonably denied.
- P1.8 The job share arrangement will not begin until both JSPs have been trained.
- P1.9 The job share arrangement will be subject to a six (6) month evaluation period. If, during the six (6) month evaluation period, the out-of-scope Supervisor determines that the arrangement is not operationally viable, the arrangement will be terminated and the Employees will be reverted to their original positions.
- P1.10 Once the application process is completed all application forms shall be forwarded to Human Resources and the Union, for information purposes only.

P2.0 Scheduling and Hours of Work

- P2.1 The shared job shall be treated in all respects as a single position with regard to scheduling, hours of work, and the job description.
- P2.2 The job share position will retain the same day of rest as was scheduled prior to the job share arrangement.
- P2.3 The JSPs will not in total work in excess of their individual regular scheduled hours, nor work at the same time, except when one or both are attending one of the following (which shall, as far as is practicable, be scheduled to avoid time required outside of their individual regular scheduled hours):
 - 1. company meetings
 - 2. company scheduled training
 - 3. conferences

4. conventions
5. trade shows and/or fairs
6. joint committee work

- P2.4 Should coverage for temporary vacancies within the bid location be required during the regular hours of the position and no coverage is available under Article 11.03 of the CBA prior to going outside the bid location (under 11.03 (vi)), a job share Employee may be offered the opportunity to provide that coverage.
- P2.5 Should either Employee work in excess of their scheduled regular daily or weekly hours, except for time worked under P2.3 and P2.4 (when the Employee will be compensated at their straight time rate of pay), that Employee will be paid in accordance with Article 25.01 (i) of the CBA for all such hours.
- P2.6 The JSPs are not part-time Employees and will not be considered in the part-time pool as described in Appendix 3-2 of the CBA.
- P2.7 Should standby be a requirement of the position, the assignment will be divided between the JSPs as closely as possible to the same percentage as the split of the full-time hours. In no case will a shift of standby be divided. The JSPs will jointly determine how standby will be shared and this will be specified in the application.
- P2.8 Should extended hours be a requirement of the position, these hours will be divided (as will be the Saturdays and days in lieu) between the JSPs as closely as possible to the same percentage as the split of the full-time hours. The JSPs will jointly determine how extended hours will be shared and this will be specified in the application.
- P2.9 Both JSPs will be treated as two separate full-time positions in the permanent full-time vacation rotation, with one position being fixed at the bottom and the other retaining its usual place. The JSPs will alternate vacation positions on a yearly basis.
- P2.10 Flex-time arrangements will be considered under the terms of the Flex-Time Agreement.
- P2.11 Article 24.01 of the CBA does not apply.

P3.0 Seniority and Benefits

- P3.1 The JSPs will receive the same benefits and seniority as though they were part-time Employees. Benefits and seniority will be calculated as in Appendix 3 of the CBA with all provisions prorated based on regular hours worked and/or in accordance with plan documents.
- P3.2 The SaskPower/UNIFOR Relocation policy does not apply.

P4.0 Vacating the Position

- P4.1 Should one of the JSPs vacate their position, the remaining JSP will revert to the full-time hours of the position. The remaining JSP will receive a minimum of thirty (30) days notice prior to being required to assume the full-time hours and may apply for a new job share arrangement.

P5.0 Staff Reduction

- P5.1 Should staff reduction occur each JSP will be considered based on their own individual seniority for the purposes of applying Article 9 of the CBA. Provided invoking Article 9 of the CBA does not affect either of the JSPs, the job share arrangement will continue. Should one of the JSPs be displaced as a result of Article 9 of the CBA, then Section P4.1 above would apply.

CALCULATION OF INCOME FROM SICK LEAVE AND/OR PLAN B FOR PART-TIME EMPLOYEES

In the event that a Part-time Employee has an illness or injury which prevents them from attending work, the following procedure will be used to determine the use of sick leave and/or Plan B.

1. For the first thirty (30) calendar days of leave, it will be based on the hours the part-time Employee was scheduled to work. If a full thirty (30) day schedule is not available, the calculation will be based on the schedule for as long as it exists with the remainder being made up using the average hours worked over the previous fifty-two (52) week period. If the part-time Employee has been employed for less than fifty-two (52) weeks, the calculation will be based upon the average of the total hours worked by the Employee.
2. For the remainder of the one hundred and nineteen (119) calendar day or eighty-five (85) non-consecutive day DIP waiting period, the benefit will be based on the average hours worked over the fifty-two (52) week period immediately prior to the date of the injury or illness for Employees with twelve (12) months or greater service. For Employees with less than twelve (12) months service, the benefit will be based on the average of the total hours worked by the Employee.
3. Part-time Employees must utilize all of their sick leave benefits prior to requesting Plan B benefits in accordance with the collective agreement.
